

Schedule Key and Information

This page is designed to help users understand any systems or any other information provided in this set of schedules.

- 1) An asterisk (*) instead of a pick-up/drop-off time means that the bus stop is not serviced on that run.**
- 2) ALL bus pick-up/drop-off times are tentative. This means that they are not definite and passengers need to be at the stop at least 10 minutes early.**
- 3) Routes can and will change do to driver availabiltiy, emergencies, etc. Do NOT give the information here as a definite for the passenger. Advise them that the routes may be affected by different circumstances. Also, the driver may not always be the same.**
- 4) Buses are on a schedule, if passengers ask if more than one bus passes by a stop, they need to catch the first bus that services it. This is especially true during Hilton Head afternoon pick-ups.**

As always, try not to give mis-information. If you are not sure of what a route does or the time it will ge there, please ask a Operations Supervisor.
